

DIN PN16 Rising Stem Resilient-Seated(OS and Y) Gate Valve

As the professional manufacture, we would like to provide you Hispeed® DIN PN16 Rising Stem Resilient-Seated(OS and Y) Gate Valve. We supply DIN PN16 Rising Stem Resilient-Seated(OS and Y) Gate Valve. The gate valve provides full flow with minimal pressure drop. The gate valve is designed to be the main control valve in an automatic fire sprinkler system. The

gate valve features a PN16 flange, raised face end connection for easy installation and accessibility. Outside screw and yoke (OS and Y) gate valves are recommended when positive shutoff and a quick visual indicator of open/closed position is required. This valve features a pre-grooved stem for tamper switch mounting. It is listed by Underwriters Laboratories of the FM Approved. We are expecting to become your long term partner in China.

Product Description

You can rest assured to buy Hispeed® DIN PN16 Rising Stem Resilient-Seated(OS and Y) Gate Valve from our factory and we will offer you the best after-sale service and timely delivery. Our company's reputation is built on timely delivery, good quality and competitive prices. We are eager to be your reliable long-term business partner! Its products are widely recognized nationwide for their reliability and excellent quality, and exported to Europe, the United States, Africa, Australia with an eye on the future, the company will continue to improve and expand.
