

Storage Sprinklers

We supply Storage Sprinklers. The HISPEED® Storage Sprinklers are designed to protect the storage of raw materials and components, commodities, or finished goods according to defined commodity classes and the configuration of the storage facility. The HISPEED® Storage Sprinklers are built to protect even the most challenging properties while providing opportunities for savings in design, installation, and

building operations. For building owners, this means we can allow you to increase racking flexibility, achieve faster installation times, and install fewer sprinklers. We are expecting to become your long term partner in China.

Product Description
